

TylerOptix

A NEW VISION

It's clear for everyone to see . . .

STRUGGLING TO FOCUS ON SPEEDOMETERS, GPS,
HEART RATE MONITORS AND WATCHES?

TylerOptix supply sports bifocal sunglasses

- for cyclists, motor cyclists, runners, golfers, fishermen and motorists
- lens height of 13mm does not interfere with normal distance viewing
- lenses have impact and UV 400 protection
- Fit: most sizes medium to large
- Shatterproof lenses
- Available in +1.5, +2.0, +2.5 and +3.0 magnification dioptres

These glasses have been tested on multi stage mountain bike races where GPS navigation was required and performed perfectly on single track without interference on near and distance obstacle viewing allowing for critical split second navigation.

RACE PROVEN!

9 days - 900km - no markers.

Only GPS and TylerOptix
